Project Exposure

Trainig Project – 2	
Project Name	**Shopping Cart**
Project Description	The project entitled "ONLINE SKILL TRACK SYSTEM" is basically developed so that even a non technical person could test the skills of a technical person.
Project Duration	3-Week
Responsibilities	Involved in Analysis, Design, Coding, Enhancement of java

Environment	Java, jsp,Struts2,oracle10g,Dreamviewer,paint,Eclipse
Team Size	2

Academic Project	Final Year Project 2012
College Mega Project	
Project Name	Library management Systems
Project Description	Borrowing books, returning books or viewing the available books at the library . The student has to go to the Library and check the available books at the Library. Students check the list of books available and borrow the books if the book is available. Then the librarian makes manual entry on the Library card issued to the student and allows the member to check out the book. The searching of booking and maintaining the records becomes difficult due to lack of a database.
Project Duration	aug2011 – May 2012
Responsibilities	Involved in Analysis, Design, Coding, and Testing of Application.
Environment	VB.net, Visual Studio 10,MS-Access
Team Size	3
